“ Mr. Jimmie called the Dialysis Center here on Plantation Dr. and asked to speak to Lisa. I told him that the other Lisa was off but name is Lisa too, but I had just started working here. Of course he said " you will do", and he started talking and I started laughing. We held a good conversation and then he said be sure and tell Lisa and Tuttie that I called. " The Food Stamp Man", by this I could that Mr. Jimmie never met a stranger. I am glad that I was hear and answered that call that day. Now Mr. Jimmie has answered a greater call. Family be blessed, my deepest condolences, I know that you are missing him already. My prayers are with you.

“ Mr. Waits was a patient at one of the clinics that I worked at often. But more than that he was a great friend to my mom. They met at dialysis, and he made her journey much easier. I can remember my mother making sure we went to the store so she could bring Jimmy some candy, a tradition that he started. Thank you for your kind infectious spirit. You will be dearly missed.

“ Mr. Waites was the kindest spirit that I got the pleasure to met. We met at FKC Decatur, he was the first patient to ever talk to me when I started working there. Mr. Waites would come to the window and tell all types of jokes and funny stores about his past. It became a routine he would come early just to talk, and would bring me one of his famous Hershey bars. Even when I was pregnant he would bring me an apple or orange saying " Make sure that baby eats." I will always cherish the last time I got to see him because it ended up just how our friendship began telling stories and laughing, so I know he is in a great place looking down saying " Baby I'm alright."

“*Mr. Waites was a dialysis patient of mine for several years when I was the Clinical Manager at FKC Decatur. As a Dialysis RN, I get to see and spend time with these patients 3 times a week for several hours and we get to know them well. Mr. Waites was always sweet, caring and such a GREAT patient. Even after I took another position, he still reached out to me and we talked about once a month just catching up. He will definitely be missed by myself and many others. He loved to give the staff his famous Hershey Bars as his token of appreciation for all that the staff did for him. Has surely one of my favorite patients that will ALWAYS have a place in my heart. Rest well my friend! No more dialysis in heaven and I KNOW you put in a good word for me up there. I will always remember you and miss you already! Keeping your family, especially your sister in my thoughts and prayers always. God bless you all!*”
