“ My name is Paunline, a dialysis technician with Fresenius kidney care in Decatur where he used to come in for his dialysis treatment. He was a very gentle and straightforward person. He brought us huge sense of humor as we will always fight with each other to get candy out of his bag. He had special candy he will share with the staff and we were so greedy that we had all without leaving him some. Mr. Borders will watch us with that smile while shaking his head. He was always ready to help us the best way he could with stuff that doesn't pattern to dialysis. He bought some products from a Chinese shop that helped stabilized my son's throat after I explained to him about my son. What a caring person. After he went to home dialysis, he still stopped by with some goodies for the staff. His place is in heaven. RIPP MR. Borders. My salute Sir.
