“ *Jonnie was one of the first persons that I met at AT&T. We became good friends and our entire team was like family. As others have stated, he always had many funny stories to share, and kept us laughing. We stayed in touch after retirement and enjoyed reminiscing about the "good ole days". I received a copy of the program today, and it finally registered with me that this is real. JT will be missed. My heartfelt condolences and prayers continue to go to the family.*

“ *Condolences to the Family. Jonnie and I became friends while working in the Engineering department at AT&T. He had a lot of life experience (although he was young) and had the stories to back things up. He always had strong opinions; we bumped heads a lot , but he was like a brother to me. He was a kind and caring man. I will miss talking to him.
Blessings to you all.

“ I will truly miss you. Thank You for always being there for us and giving us those long talks about life because of you I’ve become a man and you taught me the value of family. Just wish we had more time together, we use to joke around a lot but it was always out of love and I’ll see you when I get up there and like you always say “LATER “

“ I will miss you JT. We kept in touch after I retired and I am thankful for knowing you over 50 years. Having worked in the same group in engineering (AT&T) over 25 years was always meaningful to me. You were always a true friend that we all could count on. I have been blessed and I pray you are enjoying your home coming with Jesus and loved ones.
