“ I miss you buddy! Life turned out really good for me, however it's not over and I wish you were here to listen to my stories and go "Awh hell nah JV! You can't do that!!!"

I really want to thank you for being my backup when I needed it, you reinforced me to stand up to the man, and I still want to cut throats over that "jive" BS you told me about after we worked at different companies. You really made more of an impact on my life than you will ever know and I'm extremely grateful to have you in my life at one point!

I'm still married to the Ginger and I wish you could see what we built, however understand that no matter how big it gets I always have you on my shoulder, whispering in my ear what I need to do to keep it real, and I really wish you could still take my calls! You will never know how much I miss you buddy!!!

Joseph was my frat brother and colleague who worked on a project on my old job about 10 years ago. It was a pleasure to hang and have lunch with him every day during that six week project. Fun, energetic, loving guy! You will be missed, brother!💙👉🙏
