“ Joshua, from the moment I met you, you brought a beam of light into my life. We both met at a time where we were healing from things and I'm so happy that I was able to be there for you and you were there for me. Thank you for all the love you showed me and thank you for allowing me to love you. I only wish we could have had more time together but every day with you was a blessing. Nobody will ever be able to take your place in my heart. I keep trying to just keep my head up and keep hustling how you would want but it definitely has been hard. I never thought I would lose you let alone in this way. One of the last things you said to me was that you aren't going anywhere so I know you'll never leave my side. Please watch over your family, loved ones and me. I'll love you forever and ever baby.

Ms. Susan, Isaiah, and Justin,  
My condolences have already been expressed but I just wanted to say it again on here. Thank you all for being a part of shaping Josh into the wonderful man he is. He will forever be missed, but now he will forever be watching over you all. I'm always here for anything you all may need.

Love, Lauren

“ *In total disbelief and with my heart breaking, please know you will forever be in my thoughts. Watching you and Chris go from boys to men has been an amazing journey. Always there for each other in the good and the tough times. This is going to be a tough time for all of us who love you but I ask God to keep me focused on the good memories. I continue to lift your family in prayer. With love, Mrs. White.*
