“ *RIP Jute. I can remember all the times Regina and I begged you for rides when we were teenagers. You always gave in, after fussing of course. You allowed us to stay at your house in the mornings right before school when Re and I were dropped off by Ardell in the mornings. May you rest in peace. Now joined with your parents, Arthur Lee, Betty, Regina, Arnita, Vera and Osie.*

“ *Awe Aunt Jute ❤️ I'll never forget all of the memories that are embedded in my heart! From Granddad church to spending the night at your house on 3rd street! One of my favorite childhood memories was you driving all of us from NJ to GA! We had the time of our lives! I can see you dancing and laughing. I always loved your no nonsense attitude. You were no pushover! I admired that about you. You were a major part of my childhood and for that I am forever grateful and appreciative. Thank you! I love you! Your niece, Mandy.*

“ To my dear sister Jute I still can't believe that you are gone and that I will never get the chance to talk to you, laugh with you or even just see you again. I was thinking about when we had to share a car that Osie bought for us a little blue corsair, I couldn't drive by myself because you were the oldest and had your license before me but I did get to drive by myself and the first time got into an accident on Grant Ave and 3rd. The first thing you said was you done messed up and now we don't have a car to drive, didn't say how are you doing are you OK all you could think about was that little blue raggedy corvair. After that you decided to watch me like a mother hen watch over her little chick's, when we went to school you would always keep me from going off with my friends, always butting in when I was trying to talk to girls, you would say come on we gotta get home, you know how Osie is and we better not be late getting home. I am going to miss you so much we were close because we were only a year and ten months apart we understood each other and we would hang out together I love you sticks and will forever remember that you cared when nobody else did. Even when we did not see or speak with each other in a while we always knew how we felt about each other love always. Rest in peace until we see each other again, Your brother Lank. Osie and Callie have you now , Artie, Betty, Regina, Arnita, Vera , Osie Jr. and baby Marie welcomes you home. Love you Jute (crying while I write) still trying to get it in my head that you are gone.

“ My Dear Sweet Judy, I'm truly going to miss you. I will never forget all the good times we had at Bell Labs. How we use to sneak out on our lunch hour going places we had no business being and getting busted my Ozzie. LOL. Then we had to listen to him scold us and pray for us. Do you remember our first Big Girl vacation to Florida? We ran out of money and had to ask Ozzie to Western Union us some money to get home. Ozzie told us only we two could do something so stupid. He started praying for us again. Then we were both Pregnant riding around in your yellow Volkswagen Bug and ran out of gas. The cop keep saying how could we run out of gas in a Volkswagen. So many adventures we shared. My life will be boring without my friend. Until we meet again my friend and BFF. I'll miss you but I have plenty of good funny Memories. Love You Much and Always!!!
