“ I think about you often. I brought you up to my son last night. He mentioned the last memory he has of you...you stood up for him when these kids were being mean to him. Instead of following the herd, you were a leader and chose what was right. You treated him as a equal when others chose not to. Thank you. You were a great kid. I'm heartbroken you're no longer here with us. We will never forget you and will carry you in our hearts. I will think of you with every butterfly that passes and every rainbow that appears.

“ I had the pleasure of getting to know Juelz last year at Trip Elementary. I would work with some of the 5th grade students during the math block. I remember his smile most of all and how he would work so diligently even when the content was hard. He always wanted to do his very best. Thank you for sharing him with us and his beautiful soul. He will be missed. My heartfelt condolences go out to all of your family and friends during this difficult time. - Ms. Roberts

“ When my family first met JuJu, it was at football practice. He was an absolute stud and I knew from that moment that he would go on to be pro one day. As great of a physical player on the field, he was just as much a gentle giant off the field. Him and my son became cool and even tho we moved out of the area, they maintained their friendship thru video games. The news broke our hearts to the core. To the family, if there's ANYTHING you need, let us know.

“ My son Isaiah often came home talking about the fun he had with Juelz. They had Mr. Duckworth together in 5th grade and connections together last semester. What a beautiful soul you all shared with us. I am praying for comfort for your family.

“ I taught Juelz 4th grade math when he came to Trip Elem. He was so motivated and engaged. He had a thirst for knowledge and would ask questions when he didn't understand. I will always remember his smile that warmed a room and made your heart smile. He always said hi to me, and we had small talk when we passed in the hallways once he was in 5th grade. He wanted to make me proud. It breaks my heart that he is no longer with us. Sending lots of hugs and strength to his family and friends. An angel is among the stars now watching over us with that warm smile. -Ms. Cambre

“ Juelz, it feels like yesterday you were sitting in the front of class, sharing with me a win from a football game. All the time smiling that shy smile. You know the one, when you really didn't want to read that passage. At first you didn't want to read *The Mighty Miss Malone* but you got into it and I loved your presentation. Do you remember your book club presentation on *The Watsons Go to Birmingham*? It was sooo good! Thanks for helping me to become a better teacher. Even though I didn't see you in middle school, I knew you were doing great things. I will miss you. You are probably playing basketball or football against some angels right now. Take it easy on them! Your 5th grade reading teacher, Mrs. Walker.

“ I can't share a memory because the only thing I knew of Juju was what I heard from Eddie after the games. One of my fondest memories was when his teammate slammed the opposing team's member because he had hurt Juju. Some people will have known Juju, I wasn't as lucky but I know as a Mom I can't imagine your pain. I do want you to know that there's so many who didn't know you and the family but did wrench tears and are praying for you during this. May God's peace be with you and his love cover you.

“ Mouzon family,
I'm so sorry for your loss. I had the pleasure of having Juelz in my 5th grade class at Trip Elementary. He was a person that always wanted to do his best. We shared many laughs and conversations about sports and life. I know that Juelz is looking down on all of us. I will be praying for your family during this difficult time.
