“ Although more than six months have passed, Kapri is stil in my thoughts. I met her during the first months of my ministry here at Grady Memorial Hospital as a Chaplain. I have met many people during my fifteen years of walking with patients during the difficulties of illness; but Kapri was so unique. My heart is extended to her mother, Karen, father, step-father and grandmother as they experience the loss of their beloved child. May God's comfort continue to sustain you.
