“ *It is with a deep heart felt emotion that goes out to the family in which I offer my condolences. I am and so moved at this time, to see so many, so young with so much potential to leave in a memory. I lieu of flowers to the departed, I would like to offer a no-cost insurance policy for those whom care to receive it. 201-702-1418 bless you*

“ Rest in peace my sweet baby Kayden. I remember and will never forget the day your mom told she was pregnant with you and I gave you the nickname bun bun. I was over the moon when she told me I was in love with you before I knew what gender you were. You were my first God Son and I was so excited there were so many things I wanted to do with you. I was so excited about your first Halloween, Thanksgiving, Christmas and so many other holidays. I remember the first and last time I seen you face to face you were the most handsome little angel I have ever seen and what hurts me the most is I didn't get to hold you but I got to hold your little hand and you left a huge imprint on my heart so big that my heart is now shattered that your not here. Please don't forget you were loved by so any people and I love you and your mom so much you are my family watch over us and when my time comes I can't wait to see you again. I will never forget you my angel Kayden I love you always and forever.

“ Sleep well in heaven Kay. We love you and we're missing you so much down here. Please watch over your god sister Sommer. It hurts so much to know you can't grow up with her. But I will always let her know about you. I will never let her forget that she has a brother her age 😭 My first god son, my chocolate drop ❤️ Keep watch over your mommy. She's needs it right now. You made her the happiest I've ever seen her. Well never forget you.
