“ Grandma is and will always be our Queen Of Queens in our family. When I think of grandma and can't help but to think about grandpa. They are like Peanut Butter and Jelly. My favorite memory was when grandma took us to her interview at this grocery store bakery position when we went to visit for the summer. She said it was because me and Jr were in the car waiting on her she got the job. (We weren't alone lol she had snacks drinks and grandpa in the car). Oh we celebrated with going swimming then ice cream. Love you Grandma ❤️

“ So many memories, I can't choose one. For the 13 years before Covid shut us down we traveled far and wide across this wonderful country. In 2006 we we over 2 months and over 9000 miles. All these memories only Kaye and I share. Each year somewhere different. We were so alike in so many ways, movies, books, the same generation, raised alike by our mothers, close sisters, in the same tenement. I will miss you, my cousin, my friend.
