“ Wow! This truly hurt my heart. I've been looking for you ☐ I've left so many messages in your DMs on all social media. We was so close we talk every day and then you just disappeared and in my heart I felt something wasn't right because you would always reach out. I just didn't want to believe that so I continued leaving messages for you. Dang this hurt. I wish I could talk to you one more time. I searched for you. That's how I'm just seeing this now from searching again. All I have now is our videos and pictures. You had such an amazing soul. Dang this is tough. I wish I knew what happen to you but anyways I know God got you. I love you forever friend ☐☐

I just found out the world lost you this morning. I will always remember how no matter what you would try and try and try. You were a fighter. The last time we spoke I could tell you were turning the corner the finally getting a win in this game we call life. I just wish I knew what happened. The world needed more of you. I'm so sorry. Fly high!!!! 🙏
