“ *Sending heartfelt condolences to his family. Dr. McCants traveled to Savannah for a medical program and I had the pleasure of meeting him and observing the passion he had for patients and cardiology. A voice for healthcare disparities who offered a message of hope and a pathway for improvements. He will be missed but remembered fondly.*

“ I had my first appointment at his clinique (he was wearing his boots). I was very satisfied and thought "finally, I found my doctor", to find out that he died 4 days later. I am still very saddened by his passing. May God give strength to his family and friends to cope with this loss.

“ So thankful for this man and the dream team at Piedmont! I wouldn't be here without Dr. McCants. He went above and beyond to be sure I had all the right care and my family and I will always be so thankful for him! Months and months of living at Piedmont CCU and I learned I could always tell when Dr. McCants was coming by his boots hitting the floor! Those very steps are what drove him to take care of myself and so many patients who's lives depended on him! Definitely big boots to fill! 💙💙

Praying for his family!

“ *Mike Eskandari RPH*

My brother, I still cannot understand why you left us so soon. We had plans together—plans to grow, to build, to continue the journey we started. When I visited you at your facility, you were so full of life. You were happy, smiling, and proudly showing me around. I remember telling you how impressed I was, and I even told your doctor the same.

I told my son, Shervin—who is in medical school at MCG—that he would come meet you and learn from you in the future. He was looking forward to it.

For six years, your office was right above my pharmacy. Those years, those memories, and your presence are something I will never forget.

I still can't believe you are gone. I saw you just a week before. It doesn't feel real. But your memory, your kindness, and the impact you had on all of us will stay with us forever.

May your soul rest in peace, my brother. You will always be in our hearts.

“ Oak, I can't believe I'm writing this message. You are truly one of a kind. The most genuine and pure soul I've met in this life. Brilliant physician and an even more amazing person. Glad we got the opportunity to reconnect and share some amazing times together. We grew up as men together. Excepted each other's faults but still cared for each other unconditionally. You will truly be missed. Never replaced. You walked with kings but kept the common touch. Rest well my friend.

“ My friend of 25 years . We just had lunch a week before and so happy to see each other . Our goals were always the same just do all we can to take care of our families and patients . You are simply irreplaceable. I miss you so much . I am hardly ever impressed by anyone but your work ethic and ambition was simply second to none . You will get rest now but know our community of Kelly McCants supporters will ensure your two beautiful daughters are well taken care of . We will miss you so so much my brother so so much . “ I am very sorry for your loss. I truly enjoyed working with Dr. McCants. He cared for his patients in a special way — he would always pull up a chair, sit with them, and talk to them like family. He never rushed and always listened.
I will always remember how kind he was and how dedicated he was to his work. He made a difference in so many lives, including mine.
McCants Family is in my prayers
You are in my prayers.

“ Dr. McCants was my cardiologist. In my opinion, he is the G.O.A.T. He treated me at Jewish Hospital and Norton Healthcare. At Jewish, I was extremely sick and others wanted to give up on me. However, Dr. McCants' skill, advocacy and determination got me physically ready for transplant. He told me that we were going to prove the naysayers wrong. Of course we did. I had my heart transplant on September 27, 2014. I am alive today because of God's grace and Dr. McCants' never give up attitude. I always told him that, "I trust God and I trust you." I love him dearly. He was like a member of my family. During my last appointment on November 11, 2025, he hugged me and said he was proud of me. He had that smile on his face. Those are beautiful last words to remember. Although I am heartbroken, his impact will remain with me for all my days. My thoughts are with his daughters, family, his nephew Jeremy, who has taken care of me on multiple occasions at Norton, colleagues, patients and the communities he touched. We lost a compassionate, charismatic, respected, loved, trustworthy, selfless, hardworking, full of swag, confident, innovative, influential, genuine physician and man. God, please be a refuge, strength and very present help for Dr. McCants' family. Please comfort and keep them in perfect peace. Thanks Dr. McCants for always going so hard in the paint for me. There is no one like Kelly C. McCants, M.D. and there never will be another. You are irreplaceable! Rest in Him!

“ *Being a heart transplant of 38 1/2 years, i have had my share of doctors good and bad. Dr McCants was the good....He was an excellent listener and let me (the patient) have a say in my care. There was not a one size fits all approach with him. I'm sure i pushed my limit with him and he would reel me back in, but that was one of the many things i loved about him. He treated everyone individual. He had a smile about him that made me feel important and cared for. His knowledge will be abundantly missed. Rest easy my dear doctor. Love Kathy Anderson*

“ I met Kelly at Westlawn Middle School in the 6th grade. While everyone else was wearing Pony, Puma and Reebok sneakers, Kelly was rocking loafers, with no socks and a briefcase...always laid back, confident and smart!!

In 2015 or so I was doing echocardiograms at Piedmont Fayetteville Hospital in Georgia and was told to phone the preliminary results to the surgeon- a Dr. McCants, I thought- “could this be my old classmate?” and sure enough he came down to the lab and was like “wassup Oy!” I always knew that he was destined for greatness, he made all of us Central Falcons very proud. Continue to soar high classmate, for the person you have always been and your accomplishments in Cardiology, you have definitely earned your wings!

“ what started out a a little construction job for an average customer turned into a a friendship not only with Kelly (DOC) but his entire family, that friendship developed into a relationship filled with a love for each other like blood brothers... we had our ups and downs as well as plenty of arguments but at the end of the day we had a solid relationship and great respect for each other... I loved him like my real brother and it truly ripped my heart out to hear of his passing... I'm not much of a spokesperson but I can tell you Doc was more than just a Doctor, he was one of the greatest men to ever enter my life and I'm going to miss him until the day I join him in heaven and receive that big hug like I always did here on earth.... love ya bro, rest easy until we meet again 🥹
