“ When we moved into the sub-division 12 years ago, Kevin was one of the first people with whom I had a conversation. He welcomed us to the development and offered his assistance whenever we needed it. Kevin's smile was always evident which made it easier to engage him in conversation. We would usually meet on Broad Street during lunch and if I did not see him, he made sure he made contact. Life's tragedies are never easy to accept but what makes it more difficult is when these tragedies are unexpected.

May God give his family the faith and strength in the coming days, weeks, months and years to come to be stronger in the Grace of God.

“ I was honored to meet the Spurley family over 20 years ago when I moved into their neighborhood. I was the new kid on the block, and so scared of not making friends. Mr. Kevin Spurley and Mrs. Dedra Spurley always treated me like a part of their family. Kenyetta and Dawnechia were and still are my sisters. Mr. Spurley always knew what we were capable of and wanted us to be somebody. I remember his sense of humor. He was a friend, but he was still a father. I thank him for his love, sincerity and for giving me one of the best friends anyone could ever have, Kenyetta. My prayers are with everyone who loves him. He will be greatly missed.

Sending my deepest condolences out to the Spurley Family in your time of sorrow. Kevin was one of my co-workers and he always kept us laughing. Every time I saw Kevin, he would always tell me he was going to catch some "wildlife" for my family's Thanksgiving dinner. That is who he was always sharp and with great a sense of humor. He will be truly missed. R.I.P. Kevin, you will forever be in our hearts and memories.

To the Spurley family,

I am praying for your strength during this difficult time. The loss of a loved one is never easy! Nothing could have prepared any of us to hear of such a tragic loss. I will miss Kevin sitting next to me at work. When I had a difficult case, he would always stop what he was doing to look at my case under the microscope and tell me what he thought the diagnosis would be. He would share his difficult cases with me, and tell me what to watch for on certain cases. He was friendly, funny, smart, and he really loved his family. He didn't meet a stranger. He talked to everyone in the hospital. He will be missed by many! While we will never see him again on this side, we will see him again one day.
