Kineya was an amazing woman. No matter how many days months past with out speaking or a visit we could pick up like no time as past. She knew I would always be there for her and the family and I knew I could always count on her. I don't know how she did it but I watched work take care of her family and go to school. Never missing a beat. She touched so many people lives and my heart breaks for her kids whom meant to world to her. I love you all and know I am here.

“ We extend heartfelt condolences to the family of Kineya Hood. We know that words cannot begin to lessen your grief. We pray that in time the sorrow and grief will be easier to endure.

Try to think of her as resting from the sorrows and the tears... in a place of warmth and comfort where there are no days and years. And think of her as living in the hearts of all those she touched...for nothing loved is ever lost - and she was loved so much.

Remember that she is with you every morning, noon and night. Those we love don't go away, they walk beside us every day. Unseen, unheard, but always very near. Still loved, still missed, and always, always very dear.

“ Kineya brought so much joy and I loved the time we spent working together. The countless laughs, the support, the encouragement, and the friendship we gave each other will surely be missed by me as I try to grasp this loss. My condolences to Kineya's family, especially to her boys whom she loved fiercely. We would often chatter together about our lives and what our kids were up to, the challenges we faced, and offer each other advice. We shared so many meaningful laughs together and she was such a vibrant woman. I will miss her glow, her smile, her enthusiasm, and the way she would squint to see something because she was never wearing her glasses when she needed them. Rest well, Kineya.
