“Koren, Koren, Koren as I sit here I'm still trying to figure out how to say good-bye to such a wonderful person, of course I can't find a way. You can't say good-bye to a person who had no enemies and left a mark on every heart you encountered. I already miss our conversations. All I can say is when I see you again we gonna play Words with Friends head up. I truly, truly miss you.
