Often we meet people that we really don't know but because of the like spirit we find ourselves to be connected to that person in our lives becomes richly profound blessed from that relationship I say that about my below brother because that was the individual that I met and I will always cherish and love.

Hello Mrs. Cheryl, I'm one of your neighbors on Stonebridge Crescent, after learning of Larry's passing I just wanted to send my condolences to you and your Family, Larry was a great guy, and he really cared about the neighborhood, as a matter of fact he and I painted the fence up front of the subdivision, and as we were painting, we talked about our Family's and got to know each other better, so I say Rest In Peace my brother, Cheryl if there is ever anything I can to do to help in any way, please let me know... “ My dear Mrs. Cheryl,

I was informed by Mrs. Carmon Russell yesterday that your wonderful husband, Larry passed away Nov. 16, 2020. She told me his funeral was held Nov. 21, 2020. Let me please offer you my deepest sympathy on his passing. I know how devoted the two of you were to each other.

You both always projected positive energy, kindness, and thoughtfulness when interacting with people. I can attest to this because of the way you both responded to our little association that we tried to get started in our subdivision as well as your involvement in our neighborhood projects.

The death of your life long husband and companion has to be devastating beyond words.

Please know that anytime you feel the need for company or to express anything that comes to mind (that you would like to have someone to share or listen) I will be here for you.

May GOD bless you and keep you in HIS loving arms. May HE comfort you and remind you of the good life you shared with you husband. May HE bring you release in knowing that Larry is with HIM.

“ I am reminded of the first time I had the opportunity to greet Larry in person. We spent some time over the phone and I saw film of the fine football player , but only when he arrived in Atlanta and I was able to view the next starting right tackle for the Morehouse Maroon Tigers, did I know that this young giant from Brooklyn, was a special person.

My heartfelt sympathy is extended to the McQueen Family, friends, and teammates.

“ Having a rough week Big Man. I will sorely miss our long phone conversations and how we would make each other laugh insanely. You always sowed into my life, not me so much in yours. I have been very heavy all week, but if we believe in God then I can make this supplication before the Lord. I ask my Father that your Spirit now appear before the Judgement Seat of Christ, and there you will enter into His Rest. I also offer my true condolences to your wife, and the family. As we would always end our phone conversations, I Love You Brother!!
