“ We extend our sincerest condolences to Lauren’s family as they navigate through grief during this difficult time.

Our daughter and Lauren shared a beautiful friendship that blossomed during their high school years. Bonding over their shared love for the arts and their mutual passion for playing the same instrument. We were truly honored to have Lauren join us at our daughter’s 15th birthday party, where her presence illuminated the celebration with love, joy, and laughter.

Lauren’s infectious spirit and genuine warmth left an indelible mark on everyone she encountered. Her ability to brighten any space she entered was truly remarkable, and her absence will be deeply felt by all who had the privilege of knowing her.

Please know that we are here for you, offering our unwavering support and love during this challenging time. May the memories of Lauren’s kindness, laughter, and love bring you comfort and solace in the days ahead.

Sending love & light with heartfelt sympathy,

From the Francis Family

“ Lauren and my grandson discovered a bird's nest in a wreath by my front door. When the birds hatched, they fed the babies until they were able to fly away. So sweet!

“For our light and momentary troubles are achieving for us an eternal glory that far outweighs them all. So we fix our eyes not on what is seen, but on what is unseen, since what is seen is temporary, but what is unseen is eternal.”

May your spirit be at peace now and your soul be at ease. I pray that you cover this family at this time and always have the spirit protecting the family. May her memory be a blessing and help you move forward with joy in your hearts. Peace and love. 🦋

“She was such an amazing friend. We pulled out the weird and silly sides of each other, and I’ll always cherish those memories. The last time we saw each other, I had picked her up and we went to Ross to window shop with two 22-month-olds. It was less window shopping, and more running around the store chasing a very energetic child. Lol. I would go back and do it all over again, just to see that smile on her face. I’ll always miss her.”
