“ First I would like to send my condolences to the family,my name is Yvette and Lee was a close friend of mine we worked at Eastside hospital together I moved to Ohio and we lost contact I moved back here and I have been on fb for the longest looking for her I was laying in bed and I remember her daughter name and I started looking for her then I tried to google her and then I googled Lee and her picture popped up and I was so excited that I finally found her and then I tapped on the picture and that's when I found out that my friend is no longer with us only if I could tell her how much I truly loved and missed her and I still do RIP my best friend never had another person yet that I can truly call a best friend like you I love you Lee
