“ *My sister was more like my second mom, when I was younger she would take me everywhere they went and even until she got sick, (That's if I wanted to go) she had such a big heart for family ,it would take forever to write all the precious memories of her. Gone but never forgotten. Love sister,*

“ My aunt Lillian was one of the sweetest ladies i know. Her and my mom are so much alike in more ways than one. I remember all the things she would do for me and sister when we were children. Aunt Lillian you will be missed. Gone but never forgotten. Until we meet again. I bet you Big Mama and Uncle Jesse having a party. R.I. Paradise Aunt Lillian
