*The special memories of you will always bring a smile, if only I could have you back for just a little while. Then we could laugh and talk again just like we used to do. I'd request a pot of gumbo and maybe some stewed chicken too. You were more than a relative you were also a friend. Madea I will always love you....until we meet again.....Livia*

“ My sincerest condolences, prayers and love to Lois' family. She is now resting in the Arms of Jesus Christ and Perfectly Healed. I hold treasured and precious memories of Lois at Greater Liberty Baptist Church, in New Orleans, and of the Johnson Family. Lois was the person who told me how to make sweet potato pies, after her aunt, Della Johnson transitioned. May God continue to strengthen you all during this time.

Love, Rhea Joseph Dokes and family

“ I want to thank God for blessing us with the ability to love someone unconditionally. I'm thankful that i've had the opportunity to meet Madear. She had the hugest impact on everyone whether if you met her one time or even heard her voice over the phone. I'm thankful that she lived a wonderful life because she was able to pass that on to the ones I love dearly. She did a great job at building a strong, caring and loving family. The foundation she left, the mark she made on so many people with the way she loved will always be remembered. Being around the family for 7 years and watching everyone grow into beautiful young women and men and the relationship everyone has built is so strong and gives off so much comfort and joy and she will always be a reminder of it. Madear was the funniest down to earth caring grandmother to my bestfriend and mother to everyone. Me observing her being a mother to everyone made me look at her as my grandmother who wasn't too far from home. My dearest condolences goes out to her family

“ Dear family I am so sorry for your loss which is our loss. Lois was the oldest grandchild and I'm way at the end of the line. There are two memories that stand out for me. First when I was very little I thought Lois was 'Auntie Lois'. All grown ups were either Auntie or Uncle to me. It was quite a while before I realized Auntie Lois was her Mama. Then there was the peas and rice. There was some gathering at the house on Orleans, lots of family lots of food and lots of fun. I don't remember much else of what was on the table but the peas and rice. Lois had a bigger than life personality. She was outspoken and sassy with a generous heart. With our parents generation gone she was the matriarch but has now gone to her rest. The love that she had for you all remains and will comfort you in the days ahead. You are in our prayers and have our love.

“ I had the pleasure to meet Ms.Saulter in the summer of 2019 while working at Chase Bank. She quickly became one of my favorite customers. No matter if we had a long line or technical difficulties Ms.Saulter always came up to my window with a smile and no complaints. I'm grateful I was able to meet her and get to know Ms.Saulter. Sending prayers to the family from Chase at Briarcliff Village.

“ *Madear was a sweet person. She would make you think she was an no nonsense lady with her blunt and honest opinion. But once you got to know her she was really an gentle, loving and straight forward woman. R.I.P Madear* ❤️

“ *I have never met Madear in person. I work with Zina. Car pools after work, Madear on speaker phone with Zina. I am laughing to the point of crying listening to her talk. She was a beautiful woman. She would always send me and my kids her amazing food she cooked. She never knew that some nights that food she sent was all the food we had. Madear your were truly an excellent person. My heart truly hurt when I heard the news. My kids hurt. You touched peoples lives you never even saw..rest in peace.*
