“ I'm going to forever love you! You was my everything and things aren't getting better, I'm finding myself missing you more and more each day! You was my everything and always made sure I was good! You showered me with gifts and love and for that I'm forever grateful! I wish I could have 1 last hug and kiss. Sleep well baby, I'm not going to sleep until I find out who did this! I love ❤️ you Marlin!

“ I love you so very much. Our time was not in vain. We always stayed in touch and when you called, I was on my way. I'm going to miss you checking in on me, comforting me, and embracing me. This is a huge loss for me and anyone who say that they loved you. My life won't be the same without you in it. May God continue to watch over Tiara, Messiah, and Summer. Rest King. Forever Missed.

I Love You

“ I was an a loner unpopular type teen girl and I met this guy who heard me humming and asked to hear my talent and not to make fun of me or clown me..Thanks 4 ur genuine words and actions of kindness towards me...You went on vacation for quite a while or so I would call it yet when you returned home you hit me up and I finally got the chance to return the encouragement you gave me years ago..Your smile was 1 of a kind and your heart wasn't of any hatred nor conceited .. Lol you were confident... You loved your family and you was proud to be a man..May you always watch over everyone and be pleased with the lives who come from you
