“ I remember when my mother-n-law Mary Frances "Granny " was diagnosed with Lupus and given a five year live span, our son Jay was 9 months old. She never accepted death. While she was hospitalized (during that time) I witnessed her slide her body against the wall from door to door, sharing the love and Gospel of Jesus Christ. It didn't matter who the person was. She would say "If you're 99 percent saved then you're 100 percent lost". Well thank you Granny, for your persistent question, I am 100 percent saved, March 1984 No Doubt. I am so grateful that in her battle with declining debilitating challenges she shared Jesus Christ while she was physically and mentally able. I am going to miss our sweet moments but I will remember them. Love, JoAnn Evans Daughter-n-law
