“ *Cousin Mary.... We talk briefly at another family funeral during the summer. I remember those times when my sisters Beverly and Valerie would come into town to visit and we shared special family moments at the late Ruthie Mae Smith house. Those were wonderful moments that I reflect on. Now it has come to say see you later and not goodbye. God has you in his kingdom looking down at us smiling. Rest on. God bless the entire family. She was a great wife, mother, daughter, cousin and friend. Be Blessed family.*

“ *Cousin Mary...I'm going to miss you. I clearly remember our summers together jumping on the trampoline, cheer leading, sewing among many things. I remember how competitive we were. Always striving to be the best at what ever we did as teen girls. You were strong then and strong to the end. I'm told you were fully devoted not only to your family but to our Lord and Saviour Jesus Christ and your church. How awesome is that! That's just like you still being the best you could be which was who you were. Awesome in spirit and in deed. You'll be missed cousin. Family I pray the Lord be with you during this hour. I realize we all know she's presently with the Lord but it doesn't minimize the pain nor the mourning of a companion, mother, daughter, sister, aunt, cousin and friend. Rest in the Lord Cousin Mary love Priscilla (Smith) Woodson.*
