“ *I love you Mommy, though it does not have to be said outloud as it is and will always be in my heart. I wish you peace and everlasting love as you finally get to joyfully sing together with Daddy and all those others who have gone before you. I carry your smile, your warmth, and your love forever in my heart as do we all. Sleep in heavenly peace dear Mommy and know that your presence in this world was necessary as you touched so many in a loving and positive way. There are so many who would have never known their worth had it not been for you. Now rest as you have traveled far and helped many.*

Carolyn, your second child.
