“ *On the behalf of my family I'm sending my condolences to you Mr. & Mrs. Mitchell and the of your family. I met Maya our senior year in high school and every since then we have been friends. My family and I really enjoyed Maya's company. My parents would always talk about how sweet and respectful she was those times whenever she was over my house. Her positive attitude and smile was the best. She always kept me my head up whenever I was feeling down and always reminding that there's people who are going through more to the point I started telling other people "Don't think like that" or "You'll get through it I believe in you". Your daughter was a light and she will still be one forever in our hearts so the Sellers family lights up this candle for her.*

“ No one knows why bad things happen to those so innocent and whose life has hardly begun. For now it will have to remain the painful mystery that it is. With deepest sympathy as you remember Maya.
