“ I will forever miss you my sweet sister. Never will I forget anything you taught me. I wish I could have hugged you a little more. I wish I could have told you I love you a little more. But most of all I wish you were still here and we could have made more memories. I will never be the same but I find comfort in knowing we will meet again. You look like you're so rested and that alone brings comfort. I love you forever my big sis.

“ *My deepest condolences and sympathies to the family of such a beautiful spirited person. My heart and mind sank when I received word of your passing as I could only immediately vision that we'd just bumped into each other a week to the day at Walmart there you stood with that smile that could just light up a room. I'll hold in my memory all of the jokes and laughter that we've shared through the years as coworkers and friends. You were heaven sent but your work here is done as God has called you to return from whence you came. Heaven has an extra glow now that you've returned. Miss already my friend!!*
