“ *My sweet angel. My baby girl. I felt you in my arms today and Mommy's not gonna lie, it broke me down. I can still feel the top of your head on my lips. I can still feel you wiggling in my arms and on my chest. I can still smell you. I can still hear you trying to talk. I miss you so much my sweet little fairy princess. Mommy still doesn't understand but I want you to know that I am proud of you my Khari. I am so proud of you and I cannot wait to see you again. Please stay with us and I love you so much my baby. I love you my Khari Oramae Burns forever and always in any dimension or lifetime. You will always be my daughter. Somewhere someway I am holding you and we are looking in each other's eyes. I hope you know that. You and I forever.*

My love , my prayers and my deepest condolences. I'm watching this online and my tears won't stop, then I remember that God makes no mistakes. She was such a doll and I know that she knew how loved she was. My prayers to you and your family today and always.. You will see her again in that resurrection morning until then know that she is sleeping in the arms of Jesus.

“ I love you my babygirl. Constantly thinking about you. Please visit me in my dreams. Mommy needs to hold you at least one more time. Please. I love you my girl. Keep talking to me.

“ My Khari. Mommy had a memory today of how you were like a snapping turtle when you were hungry because of the way you would move your head and drink your bottle mad lol my baby girl. I still feel your face on my lips. Literally the pressure of your face on my face. None of this feels real. I can't do this without you. Your brother misses you so much. He keeps putting his hand on your photos and keeping it there. He really misses you. Daddy and I miss you terribly. I know you're with us but I need you. I really need you. I need to see you growing. I need to see you sharing food with me. I need to hear you. I need to see you laugh.

“ I miss you every single day Khari. The pain will not go away or even dim a little bit. There’s no mercy and this is all cruel. You’re my girl. I had plans for you. Mommy misses you so much and I need you. I need you so bad. I need you to need me. I need you to come back to me. Please Khari. I need you in my arms and our faces to be touching. I’m supposed to be holding you right now and telling you that you’re getting bigger. We’re supposed to be making memories together. You’re supposed to be teething right now. You’re supposed to be trying to say words. I hate life without you. I hate everything.
