Tribute Wall

“ My sympathy and prayers go out to the Wicker family for their loss of a great husband, father, grandfather, and friend. I had worked with Ben for the past six years in the Respiratory Department at Henry Medical Center. My fondest memories of Ben had occurred when I first started working in the respiratory field as a brand new therapist. Through our nightly conversations, Ben was one of the therapists who taught me so much about respiratory. Those were the days when I was an eager new therapist who wanted to learn so much about respiratory from a man who knew so much about our chosen career field. Ben had so much knowledge to share with anyone who cared to listen. I just hate the fact that he is no longer here to share his wisdom with me as well as his friends and family. I will continue to keep Ben and his family in my prayers. Ben, you will be greatly missed and I believe you are an angel in a place where there is no more pain and/or suffering.

Love,

Sharon Thomas, RRT

“ *My prayers go out to you and your family during your time of sorrow. I will miss Ben greatly. He had a love for music and he often spoke on that a lot with me. He also loved working in the nursery. You have so much to be proud of in Ben and even though he is gone he has left a mark with me and the rest of his family at Henry Medical Center Respiratory Department. God be with you and your family.*

Love,

*Mr. and Mrs. Phillip Pope and Family##imported-begin##PHILLIP
POPE, MS, RCP, RRT-NPS##imported-end##*
