“ Hey Tye,

*Weirdest thing...I had a dream about you last night, we were sitting and talking about your Mom, and although we were crying, we were both laughing thru the tears as you shared stories with me about your Mother. Remember the one about the time you were cleaning out the fridge and she kept calling you back to the room to ask you not to throw out this or that? Or about the adventures you would go on with your Mom and Grandmother and they were going back and forth with one another and you had to play "peace maker" :) You have a very loving family, and I just hope my dream meant that although you all are experiencing sorrow over your great loss, you and your family will find laughter through the tears as you remember the wonderful times you shared with your Beautiful Mother. May God bless you and your family as he welcomes another Angel into his Kingdom. I love you girl....my prayers are with you and your family.*

“ Mom, you will be truly missed. I will miss your unconditional love, smile, laughter, and touch. You will no longer have to suffer any pain. No one or anything could ever take the place of you. "Death came with friendly care; The opening bud to heaven conveyed, And made it blossom there".

*With All My Love,
