Tribute Wall

“ May her smile & voice and her laughter be heard forever in our hearts and soul. She was a high spirit, strong will, witty, fast talking, caring but most of all her warmth in people around her. REST IN PEACE YOUR FRIEND REVER FROM NEW YORK.##imported-begin##rever lee##imported-end##

“ Bill and I are so deeply grieved and shocked by Cynthia's death. Bill talked to her Tuesday evening and she, as always, kidded with him. When I saw her Friday, she was reading a book that she hoped would help her understand problems her son was having with the new medications he was on. Cynthia worked briefly for us when she was a teenager. We went to church together then and for the past 10 or so years, we saw her most every time we went to Dr. Connelly's. We talked about so many things and she teased Bill unmercifully and he loved it. What a great heart and such a loss to so many.##imported-begin##Ann Parker##imported-end##
