AS

Nate was one of the nicest people that I have ever met. I was a legal secretary at the firm where he worked. His smile was truly contagious. He lit up a room with his warm spirit and his kindness to all. He was such a hard worker. I can remember when other folks wouldn't show up for work, he would do their work, and his, and I never once heard him complain. He was a true example of a servant willing to help anyone he could. I will always remember his bouncy walk and his wonderful smile. We had many laughs and I will miss him terribly. He served us down here and now he has a heavenly reward. Rest in peace my dear friend. We all love and miss you down here. Angela Smith (Your Silly Little Friend)
