Our family had the privilege of using Norman Watson Tree Service and a job well done. Norman was very attentive to our request and did so with diligence and a smile. We lived in joint subdivisions and we would often see him pass by. Wondered why we no longer saw the white truck pass by. May God bless you all during this time.

“ My deepest condolences to the family of Norman Watson, I have many memories of New York, in which the name I called him, one memory how he would always call me to keep his personal car's and his work trucks clean, he told me, nobody could clean them like I could, he would remind anybody that when it comes to hard work, I was a total of three people, I'm reminded one day after Christmas 2017.. I was broke with no money, the holidays had got me good, New York called me and ask me did I wanted to clean two of his cars, a course I said yes I needed the money, but I had no idea that he was going to bless me with a big tip, \$350 to clean two cars, then he treated me out to waffles house, this same story I shared with him two days before he went on his boating ride, where his accident began, I was just letting him know how I appreciated him always looking out for me that day, he had no idea how broke I was, but I know it was GOD, THAT touched his heart, deep down inside. New York has a big heart for people, he will be missed.
