“ *Grandma you were a light of my life, I enjoy the times we spent together when you came to visit. The fondest memory I have of you is when we came to surprise you on a visit to GA with daddy. You were so glad to see us not knowing when we called you for your address we were on are way to you. There are so many memories I will hold very dear to my heart. I will truly miss our phone calls, the times we shared and the love you gave. I really just wish you had that one chance to meet all your great grandchildren. It breaks my heart I didn't get that chance to come see you before you took GOD hand. We were planning a summer trip to come see you when the kids got out of school. Grandma, although I hurt for the loss of you the last and only grandma I had left. I'm happy and more than grateful that your home and you get to meet God face to face. You made it to heaven grandma. I love you more than words can say and not a day goes by that I don't think of you. As I cry for the loss of my dear grandma, I know you will say it will be tears of joy not sorrow. May you forever rest in peace grandma in the hands of the lord. I love you and will miss you dearly. Rest up and Fly high with the angels grandma.*

“ I remember calling you 24/7 talking about school and what I look forward to doing with my life after all my schooling is done. I miss hearing your voice and calling you all the time to talk about anything with you. We had a friendship, rather than you just being my grandmother. I will always have the good memories of you. There will always be times in my life I will always want to call you, but I know I can't. but I can always talk to you in my prayers. I will miss you and love you always and forever. <3

“ I was part of Ms. Hicks care team during a recent hospital stay and I'd like to think we became friends. She shared a lot of funny stories about her friends and fun they'd had in the past. It seemed as though she was blessed with some close friends in her life. She had a sense of humor to beat. I looked so forward to seeing her during my rounds. I was so very sad to hear of her passing. To her friends and family, she treasured and loved you. You will be in my prayers and I am so very sorry for your tremendous loss. I will never forget her.
