“ Although sister junior is physically gone, her spirit and her labor of love live on in every life that she had touched. She was a godly example on how we are to run this race.

*As her dear Savior, and Master, whom enlisted her to be a choir director on earth, had promoted her to joined Heaven's Choir, and sing Holy, Holy, Holy to the One she adored while on earth.*

*May those she leaves behind take comfort in knowing, that if they stay on the path she transitioned from, they will one day see her directing Heaven's Choir.*

*...Weeping may endure for a night, but joy comes in the morning.  
Sister Junior, RIP.*

“ Melty, Rhonda and Jeremy, please accept sincere condolences from myself and Boris. Although I haven't seen my dear friend Miss Birdie in a very long time, I think of her very often, as I do all of you, and I am truly heartbroken to learn of her passing. It has left an emptiness in my heart. She was my good friend and I pray that her soul Rests In Eternal Peace. Much Love My Family

*In loving memory and celebration of Olga “Auntie Birdie” Junor::*

*Although I did not know you as well as I would have liked, the few occasions I was privileged enough to meet and sit with you told me all I needed to know about you. I have never met anyone who radiated such positivity, sincerity and Hope as you . I felt it every time I saw you. Auntie Birdie, you were the light behind the love of my life. I will forever thank you, Auntie Birdie, for the kindness, love and life lessons you taught her, for I received many of them through her own example. Around you, I felt as though I was at home with my own family. That’s how completely comfortable you made me. I am extremely saddened that I did not take more time to sit with you and your family. I would have loved for my son to get to know you and your family.*

*What is most important is the depths of empathy I feel for Hortense , Melte, Jeremy and Rhonda more now, knowing that neither no longer has access to your presence, your light, your knowledge in this earthly life. I miss you for me, because you always were an impishly genuine delight, but truly, I miss you more for them.*

*Auntie Birdie, I thank you for the precious little time I had in your life. Your impact on them has stayed with me even through today, and has had influence on how I raise my own child and coach others. Your impact has been felt by far more than you know. May you find peace in your eternal rest.
