We just saw Otis's obituary. He took care of our home exercise equipment for years. We could always count on Otis and there wasn't a machine he couldn't fix. He always mentioned his mother and the family farm and I always enjoyed hearing his stories. Our sympathy to Otis's family. We thought the world of him and we will miss him dearly.

We have just learned of Otis's passing. We were very shocked when we could not reach him and started searching online only to discover his obituary. Otis serviced our treadmill and was such a pleasure to talk to about his family and the farm. He was always pleasant, a great service person and gave us open and honest advice about when to buy parts, etc for our machine.

Our deepest sympathies to his family and I am so sorry we did not know sooner. He has been to our home quite a few times over many years. I hope he was able to retire to the farm. He use to talk about it with pride.

May he rest in peace.

“ Sending prayers and condolences to Otis' family and friends. He was my classmate from the early years of Richland Elementary. He was always very popular and would entertain us with his acrobatics on the playground as well as his talent of singing. Rest in peace dear former classmate.
