“ *NATOU!!!! Of course I thought we would have more time to chat, gossip and share time with each other. I promise to continue to cherish and care for your children. From one procrastinator to another,...I am so sorry and can't believe you are gone. I love you sooo much and so wish you were still here. A nightmare I can't wake up from. I am still trying to wrap my head around everything. What lead up to your diagnosis, your treatment, care and everything else. The only thing that helps soothe me is you are no longer in pain. Please rest in peace which I can truly feel you are finally. Free from all of the stressful constraints of life. But my God, I wish you didn't have to suffer so much. Love you forever! .. please look after me and my kids from above..*
