“ Happy birthday Perry, we was schedule to do a cruise this weekend. It was your birthday wish just to get away and relax on the ocean. I am still taking the cruise this weekend me and my niece. Keep watching over me I look into sky daily. And just smile. The business is great. I had a nice memorial and birthday dinner party for you at home. It was a business affair. Things are good. Everything you told me is a reality. But it's not in my space. God got us. 10 years strong. Rest in peace

“ I miss you dear every day. I just don't have words at this moment. But I am glad you gave yourself to God. I am going to miss our get away trips. Plus the elephant ears that you planted they are coming out. I look at the flower and the nature. I think about you. I know you watching over me. And God got both of us.
