“ It's very difficult when family pass away. Losing them forces us to face our own mortality. One of my last memories with Junior was so beautiful. He came to Florida to go fishing and we talked and laughed most of the day. Thank you big bro for always being there for all of us cousins growing up. We all love you, God loved you more. Rest now in Peace! Love you cuz -from Thaddius

“ Junior You will be missed Big Homie. I will always remember our conversations. We all know you loved your family. You were a very hard worker. You put up a fight, but at this point I know you were tired. Until we meet again 🙏

“ From Pandora , My cousin Junior was my brother and best friend. We were inseparable. No matter how far apart we lived he will find me. He was my big brother. He truly loved his family, no matter what life style we lived. He always had a story to tell and most of the time he would stretch it to his virgin of the truth. He loved to tease me and see me get upset and laugh about it. When I was in high school and a group of people tried to fight me I looked up and here comes Junior , Peter B., Mitch, Mike and Kevin on bikes to my rescue. My mother Connie and her best friend Carol was there also and they all help me battle. My cousin have always been there for me all my life even if it was just to listen to me vent. He use to love to DJ back in the days and I was his number one MC along with Reggie. He use to tare up love is the Message and Rock Skate. Junior use to enjoy going to Empire roller skating ring and ice skating at Coney Island with Pops and his mother Lanie. He mastered both very well. Selena and Junior always kept their doors open for family and I never heard them complaint. We use to party and sleep all over the place. When Selena got tired of entertaining she would start cleaning up and putting the wash clothes in the washer. I would still come to stay. It's so many memories, I could share. The last conversation I had with my cousin was when he started to plan next year family reunion, His words to me were, the family needs to let the old past events go and pull back together. Junior you finally made it happen thru your passing we all are coming together. I know you are in heaven smiling down with our family and friends. TY BiG Cousin For Everything You Ever Did For Me. I have to accept this but I will miss and always love you . Your Cousin/ Sister Pandora Welch
