“ PHILLIPPA, where do I start? I met you 4 years ago for just a brief moment but I feel so blessed to have been able to spend your last 3 months with you not knowing it was nearing the end of your race here on earth. God knows how I love others and caring for them so he placed me with you to get to know a being, so sweet and so well loved before he took you to your Heavenly Home. I'll cherish every moment I spent with you. It was like we'd known one another for years and I thank Him.... Rest In Heaven My Girl
