“Our mother fondly referred to her as “Deacon,” and our father jokingly called him “Smash.” Our families have been connected for our entire lives. Our father knew Mrs. Squash from childhood in New York, and over the years that bond grew into a lifelong friendship between our families.

Our mother and Mrs. Squash spoke often, always checking in on one another. Mrs. Squash had such a thoughtful spirit—she was known for sending the most beautiful cards, each one carefully written and often filled with inspirational clippings and little notes of encouragement. Those gestures reflected the kind, loving person she truly was. She was, and will always be, a beautiful soul.

On behalf of our parents, the late Mr. Irving Turner Sr. and Franklin & Carrie Oats, we send our love, thoughts, and prayers as you celebrate her life and the legacy she leaves behind. May the many cherished memories bring comfort and peace during this time.

We hold on to the hope and faith that one day, we will meet again.

*With love and heartfelt sympathy,

“ *Sherri, my heart go out to you and your family. Nothing replaces a mom. Although she's gone, her memories will be with you for a life time. Hold onto all the joy you shared, and the 91 years God allowed her to be here on this earth. She will be missed but never forgotten.*

*My Sweet Great Aunt Becky,
I am forever grateful for the love you gave so freely. You weren't just my great aunt — you were warmth, wisdom, and grace wrapped into one beautiful soul. Before texts and social media, there were letters — and there was you. You are the reason I believe in handwritten love. The reason I reach out. The reason I spread kindness the way I do. You showed me that something as simple as a letter or card could make someone feel seen, valued, and remembered. I promise to keep spreading love the way you taught me. Your legacy lives in every word I write. ☐ Thank you for planting that seed in me. Your love will continue to travel far and wide. Heaven gained a beautiful angel, but our family lost a piece of our hearts. Rest peacefully Aunt Becky. I will carry you with me always! I love you so much and you will be missed dearly.*

*Shari, I am saddened to hear of the passing of your mother. She lived a long and fruitful life. You and your character is a true testament to the influence she had in your development as a good woman. As a only child, loosing my mom is my biggest fear. I can appreciate your feelings of loss. As the days and years unfold, hang onto to conversations, smiles, tokens of love, and the joy she has brought into your life. It will not be an easy journey but one that her inspiration will give you the strength to endure. I am here whenever you need an ear or a shoulder. You and your family have my deepest condolences.

*Dear Aunt Becky... referred to in my household my mother's favorite aunt. Although as your great niece I didn't really have the chance to get to know you, distance created distance amongst the family. I rmbmr my mother speaking of you and the smile that graced her face when she did was just beautiful. I remember the stories told to us from your nieces about you and your sisters (my grandmother) I'll hold on to those stories and pass them my my daughter and grandsons. Thank you for being my mom's favorite aunt and thinking of me when I lost her. To my cousin the loss you have endure is not easy. I pray you journey on this next phase with each other and hold on to the memories you had with your mom and dad. Aunt Becky I'm sure was greeted with open arms and smiles by the loved ones we lost along the way. Thinking of you always. With lots of love and hugs.
