Reggie was the best! I'm a urologist at Northside and I was his patient several times. He was so kind and gentle and competent. My patients and I appreciated his skill and his sweet spirit. Since 1996, Reggie and I talked many times about xrays. I sent condolences to his family. I am so sorry you lost him so early. Please know he is much appreciated by his colleagues and patients. “ I was fortunate to work with Reggie at Northside for my entire career. He helped so many of our doctors integrate into the Northside system as we joined the hospital staff and was a great technologist. He helped us on a daily basis and was truly loved by all who worked with him. He brought a levity to many stressful situations and performed his job with excellence and compassion. He made a real difference in the patients he served and all of his colleagues. He made each of the doctors in our group feel special and he will be missed by all who worked with him. To the family and friends whom he loved so deeply, please accept my condolences.

“ Expression of sympathy for the family.
In just a little while all of the pain and sorrow that we feel from the death of our love ones will cease and be replaced with joy, because the former things have passed away. With caring thoughts.

I'm a urologist at Northside. I had the privilege of being Reggie's patient and I sent my patients for his kind, gentle, and expert care. We talked on the phone 1000 times about patients and Xray reports. I never, in 25 years, ever had one complaint about Reggie. I knew when he was on duty my patients would get the best. I send my condolences to his family and friends. He touched so many with his sweet and loving soul. Reggie will be sorely missed at Northside Radiology. Thanks for sharing him with us. Rest In Peace sweet man.

“ I have gotten to know Reggie over the last couple of years as his office was across the hall from mine. He was a real genuine, stand up kind of guy and I appreciated our talks about life and family. I will surely miss his laugh and his music playing as we worked. My condolences to the family and especially his daughters whom he loved so very much and was so proud of.

Reggie was a wonderful man and colleague. As a radiologist he always told me I was his "favorite ". I knew he told all the other radiologists that they were his favorites and he knew that I knew, but he said it anyway. He was truly a special person and will be sorely missed.
