“My Love and Deepest Condolences to the Ward & Burriss families. I've known Rhonda since 1995 at Total Systems Services where she was my dear DB2 Amin and Friend. I just today 01/26/2021 found out she has passed and am crushed to hear this. She was always so positive and cherrie and delightful to work with. She was a true professional. I am so sorry that our Lord and Savior has called her home before that which can never be expected. God bless her and her family!”

“ Rhonda and I worked together at GM and spent time together participating or volunteering at some events. She was a joy to those who knew her and her joy and laughter were infectious. She never allowed any challenge to weigh her down. I have not ceased to miss her since she left GM and the times we spoke since leaving GM, we always said 'we have to get together soon". I will surely miss her even more now. My heart goes out to her family and loved ones. She was a gem!
