“ Richard, you told me to walk everyday to keep the aches away. Well I started back walking not too long ago, and feel much better. Every time I go for a walk now and I am tired or possibly could be in danger, please help the sister out. Smile... I have a brother out there somewhere, he had got a 6 month head start, I will ask him to look out for you. Show you the ropes. Smooth journey my brother... Your friend and coworker, Shirley Woods.
