“ *While we were in high school, I remember Robert coming home with a sketch and i told him I could do better. That was a challenge i didn't live up to at the time. But, it inspired me. During High school he was stylish with his dickies and sported his belt buckle that said "ROB."*

*He introduced me to Prince and yes he loved his music!! He was free spirited and loved his family very much!! These fond memories, I'll cherish.*

“ *Rob, Thanks for all the great memories we've shared over the years. I will never forget the time when we went to the ATL vs. NO football game and you trashed talked the Falcons from Q1 to Q4 in front of all the home team fans. Unfortunately, we never made it back to one of those games but for me it will go down in history. I hope those Angels are ready for you.*

A millon tears are flowing from the love left behind, if it was love that could have saved you then you would have never died. In life you were loved by many and in death you will know by who. you left your mark on many hearts during the time god loaned life to you. Now that you are in transit to your final resting place, I ask that you rest easy my friend, until I can see you again.*
