“ My Grandfather loved his children and grandchildren and he made that known every time we were in his presence by his actions of taking care of us. I'm thankful for the time I was blessed to have with you. Rest in Paradise

“ My dearest gentle giant. You will truly be missed from every area of my life. When you called that day to tell me that God said you was my husband. I had no idea what that would mean. I had never been loved the way you loved me. It took some time for us to get used to each other but you gently and patiently waited for me to acclimate to your touch. You never demanded, you never pushed, you never prodded you just waited and showed me how loving you could be I don't think you ever said no to me. You simply said if that is what you want to do let's do it. Being who I was always having some event you never shrank back, you were always the MVP in all that we did. Every moment with you was sweeter than the day before. I remember something we disagreed about I wanted to continue with the conversation but I looked around and you were on your knees praying. You made Jesus the answer to every problem. That's how we made it. You never complained about what I sat before you. As a matter of fact just like the other testimonies here at the beginning of our marriage you made breakfast for me every morning (sometimes you burnt the toast). We talked about everything and prayed and cried together about our past. We shared our bucket list with each other and God made it possible for us to fulfill every one. I pray that everyone else in your life should know that no kind deed for Robert ever went unnoticed. I never heard you speak negatively about anybody. You encouraged everyone who came into your presence especially your cancer doctor, Dr. Jamie. She said she had never met anyone as positive as you. I shall hold every kiss in my heart that you gave me the night before you passed. There's a secular song that says There will never be another love this is the way it will always be in my heart. You don't have to run to get to the head of this line. You made it.

“ My Grandfather was one of kind man. Every mornings he would fix my brother and I this (huge!) breakfast that you would only see on tv. Table fixed with knife, fork, and spoons. He was never shy on the bacon either. Witch I think that was his favorite part of breakfast. Before we dug in we would hold hands a pray over the food. He made sure my brother and I had are fill. He was a family man done to his core. He made me fill like a king when I spend the weekend with them. I will never forget that unconditional love he had for everyone. His passion for the Lord was and is still unbelievable to me. Every Sunday whether we wanted to or not we was in church. He would sing his song (I Fill Like Pressing My Way) and hit that high step he always did. I miss Granddaddy Rest in Peace.

“ To my uncle Robert, not only my uncle but an awesome man of God. I will never forget how when he would eat his food and hold it in his jaw and his jaw would expand like a balloon, I would get so excited to see that as a child. He was always so kind and nice to us whenever we were around him. His tall smile and Godly spirit will be greatly missed. To his children, spouse and those closest to his heart, you have my deepest condolences 🌺🌺🌺🌺 I am here if you need me

Thank yyou uncle / dad for always including me as one of your sisters. There was never a moment that you didn't share the word of God with your family. You were the epitome of strength and always made me laugh even when I didn't think what you said was so funny but it was how you said it. Uncle you would always tell Shirley, Yvonne and myself that you were giis brains for Christmas lol oh how I will miss hearing those words but I'm so glad we got to hear you tell us before you answer the Master call how much you loved us and the family. To aunt Carolyn, the kids, and great-grandchildren you all are in my prayers and I am near as your phone. Love y'all and blessings upon each of you

Please allow me this space to share that God said to you come up higher and Reston my birthday and God reminded me of our last conversation that God was taking us higher. Uncle you will live on and be celebrated each year on my birthday until we see each other in Heaven. You loved people and shared whatever you had with them and expecting nothing in return.

To my Uncle Robert, whom I've always known to be a great man of faith. I'm saddened by your transition to go home to be with the Lord. However, I'm also happy for you because now you get your reward for every seed you've sown in this life for the Kingdom of God. You will be missed and loved! To my family you all have my deepest heartfelt condolences and you're in my thoughts and prayers.
