“ I know it's been a long time and I didn't know it happened. But I remember Roleah being my first friend in 6th grade. She was the reason I joined the track team. And tried out for the volleyball team. We would go to the mall all the time and do weird silly things just for fun. I remember us going to the park to practice volleyball. I would share my books with her. I dont know if she ever actually read them, but she was always excited to hear about them. She was always so fun to be around and so full of energy. I remember when she moved to Mountain View High School and I tried to convince my parents to move into that same district so we wouldn't be separated. She always knew how to make anyone feel better. I especially remember our 8th grade science project with all the pulley systems. I hope everyone who got experience her happiness is able to remember it forever.
