“ *When my brother shared with me last night that this beautiful and bright light had ceased to shine, my heart was broken. While I had only been in your presence twice when coming to have dinner at the Hyatt, your jovial spirit created memories that are forever etched in my mind. My hubby was even stunned because he quickly remembered you when I shared the sad news. May you rest now from the perils of this world. My visits to eat some of my brother and his team's great food will NEVER be the same. Rest easy now my friend. I hate our encounter was so brief. My heart is grieved. Prayers to his dear family and all who knew and loved him.*
