“ *In Loving Memory of My Dearest Terry*

It's hard to put into words what it means to lose someone who has been a part of your life for more than twenty years. Terry wasn't just a friend — he was family in every way that mattered. From the ordinary days to the unforgettable moments, he was always there with a warm laugh, a kind word, or the quiet strength that made everything feel a little more manageable.

I was lucky enough to know Terry for over two decades, and in that time he showed me what true friendship looks like. He was generous with his time, and provided endlessly support through every high and low.

Losing Terry leaves a space that can never be filled, but I take comfort in knowing that his spirit lives on in the stories we tell, the lessons he taught us, and the love he gave so freely. I will always carry him with me.

Rest in peace, Terry. Thank you for being such an important part of my life. You will be deeply missed and forever remembered.

“ Terry and I were very close. I met him through a friend, we were all had served our country. Terry hoped me many ways. I remember we had some contractors doing some work for us they made me angry, Terry said to me calm down I got this. Terry was always smiling. I was going to fire the contractors but he said let's give them a break because they needed the money. That day we went to lunch and I asked him why did he give them another chance, because they had cost us money I wanted get rid of them. Terry showed me how to have compassion for people even in their mess. Terry would help anybody in need if he could. Terry and I talked about everything that was going on in our lives , he was my friend closer than a brother. Terry Clayborn was a great person who loved people!!! Terry we are going to really miss you my brother. PS love always Howard Johnson

I had the honor of meeting Terry while working at Morris Brown PO. Terry and I became friends and I viewed him as my big brother. I knew I could always get sound advice about anything. I am going to miss our talks. We didn't speak every day but he always checked in at least 2-3 times a month and we would do our catching up. I can hear you laughing about something crazy I said. I will forever cherish our friendship and I am going to miss our talks.
