“ Tracy, thank you for being the best friend that I could ever have. From the moment that we actually met and had a conversation, I knew that it would be a lasting friendship. You were the only person that knew all of my struggles, secrets, issues etc. and you NEVER EVER judged me. You were like family....my kids have called you auntie TT since they were small, and still do lol. Although you prepared me for this weeks ago, it's still hard to process. I miss your FaceTime calls already. You were one of a kind, and I'm beyond honored to have been in your presence. I love you dearly. Until we meet again....🌹

“ Tracy was such a wonderful, warm, and beautiful spirit. She was so down to earth and such a hoot! She was a joy to be around each time we were ever in each other's presence. When I'd go to visit the family (Michelle), she was always ready to kick back and laugh. Tracy always treated me with love, and I loved her back. You will be forever remembered and cherished. Let your spirit fly free, Tracy... you are truly one of a kind my friend! ❤️, Tameka Wilson and family!!

“ One of my best memories of Tracy is when we actually first met back in 2005. We use to work at BellSouth in Lennox together. I introduce myself using my last name only because that's how our boss addressed us by calling us by our last name. When I told her my middle name is Lee she was like “that's my middle name too!!” And then she ask me “you wanna be my brother don't you?” Of course I bust out laughing and said “yeah you can be my sister”. We both been brother and sister ever since. Even though by blood was technically wasn't brother and sister but none of that mattered because we was close like brother and sister and because of Tracy I've been a part of this family and I will forever thank her for that. Gonna miss her and my heart and prayers are definitely will the family.

Love,
White aka Brandon 🤔🤔
