“ When I was pressed for time, on my way from San Diego to Los Angeles, to catch my flight to Australia, Trevor was the one who got me there. He navigated traffic like Leonard Hamilton on an F1 track and I arrived on time and rested for my 16 hour flight. When the VA was dragging their feet processing my disability papers, Trevor sat me down and over the course of three hours he gave me the blueprint for building my claim. Today I spend my days much less stressed because of this man, my friend and brother, Trevor. A man of the world but a son of the A. Rest easy my brother.

“ My heart goes out to the family. Trevor was an angel to me and treated me like family while he was repairing things in my home. I appreciated his positive attitude and kind words. He was always willing to offer advice and always made me laugh! I will miss his presence so much. I am so glad I had a chance to know such a great family man. My heart is saddened by the loss of such a great man, I do not meet many like him and I am fortunate to have known him. I will cherish everything he has done to help keep my home lovely. I will miss him dearly. Ramona Fenner
